

Increasing the **VALUE** of Your **AIACC MEMBERSHIP**

SPECIAL BIM SOFTWARE PACKAGE FOR MEMBERS

The AIACC is pleased to announce a new Member Value program for BIM design software in response to feedback, particularly from small firms. We are pleased to be able to help provide access to powerful tools as options and /or alternatives - supporting full engagement in the business of architecture as a tangible and valuable benefit of AIACC membership.

Based on our research, increasing the range and options for software tools could potentially have a significant positive impact on your business - helping you overcome hurdles and improve the delivery of your architectural services in shaping high performing buildings and spacing.

Take advantage now of one of these special offers that we have arranged to be available exclusively to AIACC members!
